

Hafiza Zoya Jamal

Front-End Developer | Python Developer

Multan, Pakistan | zoyajamal775@gmail.com | Phone: +923131993379

Career Objective:

A Computer Science student who is enthusiastic and detail-oriented with solid foundations of front-end development and python programming. I want to apply my knowledge of web technologies, problem solving, and data driven thinking towards innovative projects focused on improving user experiences and facilitating business growth. I'm ready to learn, adapt, and grow in a professional environment, whilst delivering high quality outcomes.

Technical Skills:

- Front-End: HTML, CSS, JavaScript (Basic → Advanced), Responsive Design
- Programming: Python, C++, SQL, OOP, Machine Learning (Basics)
- Tools: Visual Studio Code, Anaconda, Jupyter Notebook
- Office: MS Word, Excel, PowerPoint
- Freelancing, Virtual Assistant.
- Soft Skills: Problem Solving, Team Collaboration, Creativity

Education:

Bachelor of Science in Computer Science (BSCS)

Women University Multan — 5th Semester

Current CGPA: 3.78 / 4.00

Projects:

- Portfolio Website — Personal portfolio designed with HTML & CSS to display skills and projects.
- Customized Shirts Webpage — Interactive page allowing users to customize shirt designs.
- Payment Form — Interactive page allowing users with payment form.
- Calculator — Functional interfaces built using Python.

- Coffee Bar UI — Front-end layout for a coffee bar with smooth navigation and design with Python.
- Password & Task Generator — Tools built with Python to generate passwords and manage tasks.
